

# Clannad, The Hunter

Hear a man with a wounded past  
While walking on I overheard  
He said he was right by being wrong

Hear a man with a wounded child  
He lifted her and then she cried  
He said he was right by being strong  
He was right there all along

He said he was right by being wrong  
He was right there all along

The Hunter

The Hunter  
Nothing but his might

The Hunter  
Nothing but a man
