

# Claude Kelly, You & I

(Oh, oh, oh, oh, oh, oh)  
Staring at the TV screen  
Sitting home the other day  
Nothing left but memories  
And I really hate to think  
I waited too long  
To tell you how I feel  
Cause baby now you're gone  
I could still see  
Your pretty face  
When I walk into the room  
I could be  
A thousand miles away  
But in my mind  
I'm next to you  
I feel so close  
But when I open up  
My eyes  
I see  
I'm standing here alone  
I used to say nothing  
Would tear us apart  
(No matter where you are)  
It's cause you'll always  
Have a piece of my heart  
(No matter where you are)  
But I'm so sick  
And tired of trying  
Baby  
I just can't fight it  
I need you here in my life  
(Yeah)  
Cause it'd just be  
You and I  
(You and I)  
You have to listen  
With your heart  
And open your eyes  
(Open your eyes)  
Can't you see  
It's you and I  
Baby  
You're the perfect girl  
Ain't nobody in the world  
Compare to you and I  
This isn't  
Just a song for me  
It's the way  
We are to live  
This is more  
Then just a harmony  
Girl  
I wish  
That you would give me  
One more try  
I need you  
To feel the way I feel  
So baby  
Come to me tonight  
I used to say  
Nothing would tear us apart  
(No matter where you are)  
It's cause  
You'll always have

A piece of my heart  
(No matter where you are)  
But I'm so sick  
And tired of fighting  
Baby  
I can't deny it  
I need you here in my life  
(Yeah)  
[x2:]  
Cause it'd  
Just be you and I  
(You and I)  
You have to listen  
With your heart  
And open your eyes  
(Open your eyes)  
Can't you see  
It's you and I  
Baby  
You're the perfect girl  
Ain't nobody in the world  
Compare to you and I  
Girl  
It's out of my hands  
You see it's up to you  
Now to take a chance  
It could be you  
And I if you  
Take this stand  
Cause without you here  
I'm only half of a man  
Cause it'd  
Just be you and I  
(You and I)  
You have to listen  
With your heart  
And open your eyes  
(Open your eyes)  
Can't you see  
It's you and I  
Baby  
You're the perfect girl  
Ain't nobody in the world  
Compare to you and I  
Listen with your heart  
And open your eyes  
You see it's you and I  
Baby  
You're the perfect girl  
Ain't nobody in this world  
Baby  
It's you and I  
(You and I)
