Claudette, Hey Nas

The phone rings Another peaceful moment is lost Latifah's chest jingle in "Set It Off" I press pause in the bed as a king I let it ring 4 or 5 times Answer while I'm puffin' my green It's Tamika sayin', " Hi Nas" I caught a flashback of her askin' me was I asthmatic 'fore I tapped that She offered me dinner under the moon I said, " Sorry. I made plans at Ray's Boom-Boom Room" Nine push-ups... Strength's gone at the tenth one so why hook up The pimp's gone off the Platron Tequila Put on my Lee's and the original Fila's Sedated from L's, 380 cocked, naked ladies laid up in tails Like Whodini I chose, gazelles don't lean on my nose Drivin' by the clubs gleamin' and go Heads turn it's a freak show I need them to know... When will they learn Nas need a gueen not a hoe to... Point out my enemies, a girl who's into me But not a hype chick- someone with proper energy Someone who's into me but won't fuck with my enemies And you can sing along 'cuz I'm feelin' ya energy

Take my name... And my number
Meanwhile... We'll be cruisin'
But let's take... it... slow

Slow is the way
Holdin' hands, tongue and hickeys
Hope and I pray where I run at you run away with me
That's if my gun get busy we gotta get outta there
Hear sirens jump in the stick drop a Sedan and hide for years
Like noone else in the world did this except for us two
You gotta trust me, I gotta trust you
If coppers bust me it's me you rescue, this to the death boo
You rep me respectfully that's how I rep for you
Retired from pimpin', perspire is drenchin'
As we... suck and fuck each other's minds out commission
Time's out forbidden
Until we pass out, that's when we stop

We give it all we got, give it all we got- we hot Give it all we got, give it all we got- we rock Give it all we got, give it all we got You 'bout the baddest thing Since Michael had Billy Jean And Prince gave you diamond's and pearls But to be my queen you must...
