

Clawfinger, Waste My Time

From the white mans mouth and the white mans tongue
There's been hundreds of years of diabolical dung
So much prejudice piss has been trickling down
And I can smell the shit coming from miles around

You're so full of shit you're out of your mind
What the fuck is wrong don't waste my time
Waste my time

I'm not white I'm pink but the colour of my face
Represents a fucking farce called the superior race
White power bullshit I'll wipe my pink fucking ass
With your swastika flag cos it belongs in the past
You want me to believe that dark skin is a sin
Well wake up it's 95 where the fuck have you been
What are you trying to achieve with your racist crap
That shit's coming out the crack from the bottom of your back

You're so full of shit you're out of your mind
What the fuck is wrong don't waste my time
Waste my time

You are making me sick with your pathetic tricks
You try to tell me different colours don't mix
You tell us so many lies that you believe them yourself
You spend your whole life blaming everyone else

You're so full of shit you're out of your mind
What the fuck is wrong don't waste my time
Waste my time
