

Clay Crosse, Saving The World

So many preachers
So many churches and denominations
Got their opinions and their documents
And statements and beliefs and sometimes
There's a miscommunication

And we complicate the truth
And convolute the story
But as far as I recall
I do believe it all

Chorus:
Comes down to a man dying on a cross
Saving the world
Rising from the dead
Doing what He said He would do
Loving everyone He saw
When it's said and done it all
Comes down to a man dying on a cross
Saving the world

It isn't a secret
And maybe I'm being simple minded
But it's about Jesus and a way, a truth, a life
That can change a heart and a soul forever
And we need to be reminded

It's the power of the blood
That brings us to redemption
We can rise above the fall
And the reason for it all

Repeat chorus

Bridge:
All the people beneath the steeple
Are just reaching
For the truth that can save a helpless soul
We wrestle with the mystery in the teaching
But the news is all good
I think that we should
Remember one thing
