

Clay Walker, Hand Me Down Heart

Well baby I ain gonna lie
This ain my first ride
Ie saddled up and bruised my hide a time or two
It true I not a brand-new man
Ie been around a block or two and back again
But Ie already been broken in
Yeah, I the one for you

Chorus:

Well, if you don mind a hand me down heart
Ie got just the thing for you
It been bruised and it been used
But it still beats like new
It got a few burned valves, it a little worn out
But baby itl love you true
So if you don mind a hand me down heart
Ie got one for you
Ie seen miles and years
Ie cried a few thousand tears
But honey let me calm your fears
And leave no doubt
ause when you got a rebuilt heart
You only use the very best parts
And it guaranteed to start lovin?you right now
(Chorus)
It been bruised and it been used
But it still beats like new
So if you don mind a hand me down heart
I got one for you
