

Clay Walker, Hypnotize The Moon

She knew she caught my eye and that was all it took
Ain't it strange how forever changed with just one look
The magic filled the night she touched my soul like no one else
Yes the way that woman made me feel left me talkin to myself
(Chorus)

Oh you better run for cover you better hide your heart
Cause once you start to love her you know you'll never stop
She shines like a diamond when she walks into a room
She could charm the stars hypnotize the moon
Once I held her close I knew just where I stood
No you never get a second chance to ever feel so good
Then and there I knew these words are etched in stone
If you can't feel the power of the greatest love you've known
(Repeat Chorus)

You better run for cover you better hide your heart
Cause once you start to love her you know you'll never stop
She shines like a diamond when she walks into a room
She could charm the stars...
She could charm the stars hypnotize the moon
