

# Clay Walker, Once In A Lifetime Love

Girl, I know you don't really know me  
Still I want you to listen closely  
This might sound crazy  
But after all, isn't love like that  
I would be crazy to let this moment pass

What if I don't say what's on my mind  
And you walk away  
I might live out my life  
And never feel this way  
What if you are the one  
That I'm meant to love  
What if tonight is the night  
What if once in a lifetime love  
Don't come twice

Girl, take a chance time is unfolding  
We could be blessed without even knowing  
Just for a minute  
Close your eyes and don't take another breath  
'Cause what if you miss it  
And it never comes again

What if you don't say what's on your mind  
And I walk away  
You might live out your life  
And never feel this way  
What if I am the one  
That you're meant to love  
And what if tonight is the night  
What if once in a lifetime love  
Don't come twice

I don't wanna wake up by myself  
Years from now wishin'  
That I'd told you what I felt  
Your eyes are a window to your soul  
If you don't open up  
I may never know

What if we don't say what's on our minds  
And we walk away  
We might live out our lives  
And never feel this way  
What if I am the one  
And you are the one  
What if tonight is the night  
What if once in a lifetime love  
Don't come twice

Oh, girl, what if you are the one  
And I am the one  
What if tonight is the night  
What if once in a lifetime love  
Don't come twice
