

# Clay Walker, Who Needs You Baby

So, long, see you around  
Seen all I wanna see of this town  
I out of time and I out of tears  
Out of my mind and I out of here

Chorus:

Who needs the heartache, who needs the pain  
Who needs to hang around and take the blame  
Who needs a woman to make him blue  
Who needs you baby - I do  
Why are you wearing that negligee  
Sure makes it hard to walk away  
I gotta go, I can take this abuse  
Why are you smiling, would I lie to you

(Chorus)

Youe got your fingers in my hair whispering  
in my ear

Filling my head full of doubts  
Well tell me just what you think youe got  
That I can live without

(Chorus)
