

Claysteer, No Regrets

Ok I'm feeling like Charlie Sheen, Kanye with the ultra beams
I'm On a cloud like I'm sleepwalking, cuz everyday feel like a dream
i woke up ready for the glow up
no butts, create my own luck
I remember when nobody would show love
now when they bring the hate we be like so what
man, cuz we shining baby
see we got perfect timing baby
I made it to the top
and nobody ever gave me a ladder
these duds climbing baby
and now I don't waste no time
cuz u don't ever get back
u should blink too fast and your life be over
and I don't wanna live like that

they say the good die young
so I know I;m blessed
they say you can't do it all before you die
well, I;m gon; try my best
and I wand it a;;
tell it ain;t nothing left
cuz u never know when time is up
and I don't want no regrets
