

# Clea, Butterfiles And Rainbows

I want wings big enough to fly  
When I look at colours in the sky  
After it's been raining  
Bit I'm the night and you're they day  
It's like you're interrupting me  
Trying to keep my moon from shining  
Why bring out the worst in me?  
When it's all about the little things  
It's very simple

(Chorus) x 2

See I keep asking for butterflies and rainbows  
You keep bringing monsters and dragons  
It'd be much better if you'd listen when I say  
Just roll over, let's kiss and make love  
Are you trying to take my sex appeal?  
Cause that's the way you make me feel  
When I hear you complaining  
Should I whisper or should I scream  
Or find someone to interpret me  
Cause we speak a different language  
Why bring out the worst in me  
When it's all about the little things it's very simple

CHORUS

It would be so very simple baby  
If you just roll over  
It would be so very simple  
If you would open up your eyes

CHORUS

I keep asking for butterflies and rainbows x3  
Just roll over, let's kiss and make love  
And have a nice day
