

# Clean Bandit, Birch (feat. Eliza Shaddad)

I was a fool for you and  
I went all round town  
When I finally saw you  
Now I'm speaking to make this something  
Cold (7x)

It's not enough to hear you  
Your voice will never be  
I find I hate to be near you  
I, I long to see this evening through  
Cold (6x)

I call home  
Call home  
Call home  
Call home

Call home  
Call home
