

Cleavage, Honeysucker

Don't you see how the world makes fun of you,
And the stars fall on the wish that you made
There's a friend by your side, it's nothing
Makes you see, think of it, what a shame

Chorus:

Give me this world 'cause you don't even bother
Hoping you finally drowned yourself to stardom
So why don't you suck the fun out of me, babe?
'Cause I hear you so suck so good, yeah
So why don't you suck the fun out of me, babe?
'Cause I hear you so suck so good,
yeah

Come and see how he hurt his mother
Keeping you in laughing face, say
Can you twist just a bit for a brother?
Yeah it's nothing to you my friend

Chorus

yeah, yeah, ye-ah
yeah, yeah, ye-ah
yeah, yeah, ye-ah

yeah, yeah, ye-ah
yeah, yeah, ye-ah

yeah, yeah, ye-ah
yeah, yeah, ye-yeah, yeah

Ooohh, why do you breathe so bad?
'Cause I hear your bitch do that

So why don't you suck the fun out of me, babe?
'Cause I hear you so suck so good
So why don't you suck the fun out of me, babe?
'Cause I hear you so suck so good

Said woah, what more can I say?
Say woah, these things you do yesterday
Woah, what more can I say?
Say woah, you spend your life dead
