MINISTER

I'd like to welcome everybody again and say how good it is to see you out at the annual Holy Roller Hall Christmas fund raiser. And up next we have a Fellow who we've all come to know in love. Bless him as he comes up and sings. Lord. A lovely holiday carol:

Cledus T. Judd featuring Out Of Sync

Take it away Cledus

Here...

There it is...

Star of wonder star so bright  
This one wish I wish tonight  
If I'm to live till morning's light  
Please don't serve beans on Christmas night

Cook up a steak or toss some greens  
But don't bake those powerful beans  
Cause if I take one single bite  
We won't have a silent night

And my poor dog will howl and bay  
And pray that foul bouquet  
Will go away  
Though he will know from whence it came  
I hope it's him my guests will blame

So don't serve beans  
Please don't serve beans

Cook up a steak or toss some greens  
If I'm to live till morning's light  
Please don't serve beans on Christmas night

CTJ

Uh thank you.

Thank you so much

I appreciate it

Thank you
