

Cledus T. Judd, Trailer Park Woman

She's got tattoos on her backside and a car jacked up out front
my neighbor next door is an old old whore and she's off on a husband hunt
spends her days in the laundromat washing and drying tube tops
i ain't real crazy about my old lady but i don't really think i'd swap
spends her nights in a strip joint doing an exotic dance in an out of date pair of platform shoes and
her kids still live with her mother and her step-brother who is unemployed
drives an old chartruse pinto, sleeps with a dude named Floyd

Chorus

She's a trailer park woman
she's a mobile home princess
the queen of manufactured housing
she's a trailer park woman
she's a mobile home princess and
me i'm the trailer park king

she's got a bad reputation she's the talk of the neighborhood
yea maybe her place ain't graceland but the furniture is just as good
i often stare in her window when she is getting dressed inside
but she don't mind she looks up to me cause i own a double wide
i got a concrete block foundation and it impresses her so
she always comes a-knocking whenever there's a tornado

Chorus

and me i'm the trailer park
yes i'm the trailer park
she loves the trailer park king
