

Clem Snide, Forever, Now And Then

I dreamt of an ocean blue
Under water me and you
Let's not swim to shore
Just float forever more

We could hide behind the sun
Where no one will upset our fun
Let's take off our shoes
And dance away the blues

Was your sweet kiss just a dream
So real the taste of tangerine
You are my best friend
Forever, now and then

Forever, now and then
Forever, now and then
