

Cleopatra, Come And Get Me

Huh-huh, yeah
You know I've been checking you out
Ever since we've been hanging out
You told your boy's it's me that you like
But when you try to tell me
You run and hide
Ever since Cleopatra's Theme
You've wanted a touch of love (all night)
No man is an island
You can't be (you can't be) by yourself
No, no, no
I want (I want)
I need (I need)
I have to get your love, oh
You want (you want)
Want me (want me)
So let's not play hide, play seek
(Just come and get me)
Now we can see behind the door
Don't let it linger anymore
You don't want me to take the first step
So reel me in and I'll accept
Ever since Cleopatra's Theme (oh, yeah)
You've wanted a touch of love
(C'mon, c'mon, c'mon, c'mon)
No man is an island
You can't be (you can't be) by yourself
I, I, I want (I want)
I need (I need)
I have to get your love, oh
You want (you want)
Want me (want me)
So let's not play hide, play seek
(Just come and get me)
Oh, yeah
Just come and get me (just come and get me)
(Just come and get me)
(Just come and get me)
(Just come and get me)
(Just come and get me?)
Mmm, hmm, baby
Oh, oh, I want (I want)
I need (I need)
I have to get your love, oh
You want (you want)
Want me (want me)
So let's not play hide, play seek
(Just come and get me)
I want (I want)
I need (I need)
I have to get your love, oh
You want (you want)
Want me (want me)
So let's not play hide, play seek
(Just come and get me)
I want (I want)
I need, oh (I need)
I have to get your love, oh
You want (you want)
Want me, oh (want me)
Oh, oh
(Just come and get me)
(Just come and get me)
Just come and get me?
