

Cliff Richard, Better Than I Know Myself

You were there - at the moment I began
When the child became a man
Saw my future in the making - saw the path my life was taking
You saw a million things I'll never understand

You know me better than I know myself
Better than I know myself
Time after time you've shown it to be true
That no one loves me like you

You are here so let it rain or let it shine
You are with me all the time
When I'm waking - When I'm sleeping
In the secret thoughts I'm keeping
You know everything about this heart of mine

You know me better than I know myself
Better than I know myself
Time after time you've shown it to be true
That no one loves me like you

You'll be there - when the end of time has come
And I know you'll take me home
So I thank you for tomorrow
All my joys and all my sorrows
And I thank you for the greatest thing I've known

You know me better than I know myself
Better than I know myself
Time after time you've shown it to be true
That no one loves me like you
