

Cliff Richard, Help It Along

Some fine day we'll live
together, give together.
One fine day,
a time beyond our time.
Come that day we'll make
it if we're strong,
so help it along, help it along,
help it along.

Please don't laugh at me
when I tell you
I believe in love,
'cos it's still
the only thing that
there is too little of.
And it's a long time coming,
but come I'm sure it will
and just in time
the world will rhyme on
the far side of a hill.

On some fine.....
..... help it along.
