

# Cliff Richard, Let Me Be The One (Shadows' Eurovision 1975)

Tonight (Tonight)

Tonight (Tonight)

Tonight (Tonight)

Tonight

Let me be the one who's loving you tonight

Let me be the one who really holds you tight

I'll even bring along a magic moon

Just to make you feel alright

So let me be the one who's loving you tonight

Let me be the one who takes you by the hand

(Let me be the one)

Let me be the one who always understands

(Let me be the one)

Everybody knows we've been good friends

But I think the time is right

So let me be the one who's loving you tonight

You and I could have an affair

(All you gotta do is)

Make sweet music, go anywhere

Building highways taking us there

As long as I know you really care

Won't you show me you care?

Oh... come on

Let me be the one who's loving you tonight

Let me be the one who really holds you tight

I'll even bring along a magic moon

Just to make you feel alright

So let me be the one who's loving you tonight

(Instrumental Break)

Won't you show me you care?

Oh... come on

Let me be the one who takes you by the hand

Let me be the one who always understands

Everybody knows we've been good friends

But I think the time is right

So let me be the one who's loving you tonight

Let me be the one who's loving you
