

# Cliff Richard, Stronger Than That

Well I heard you weren't staying  
Heard you weren't staying around  
That someone has gotten to you  
Something 'bout a new kid in town

Well stranger things have happened  
Stranger things have happened in love  
But the more I think about  
The more I see that you are a victim of

Well don't believe everything they say  
They're only jealous of you  
How people talk when they  
Don't know the truth  
Don't ever let them get to you

My love is stronger than that  
My love is poetry in motion  
My love is deeper than that  
My love is deeper tan the ocean

Well if anyone should harm you  
Anyone should get in your way  
And you need someone to talk to  
Please call me right away

Let them all listen  
Listen to the new kid in town  
It's the same old story  
The story's been around and around

So don't believe everything they say  
They're only jealous of you  
How people talk when they  
Don't know the truth  
Don't ever let them tell you what to do

My love is stronger than that  
My love is poetry in motion  
My love is deeper than that  
My love is deeper tan the ocean

So don't believe everything they say  
They're only jealous of you  
How people talk when they  
Don't know the truth  
Don't ever let them tell you what to do

My love is stronger than that  
My love is poetry in motion  
My love is deeper than that  
My love is deeper tan the ocean
