

# Clifford T. Ward, Easy, Baby

I don't wanna be a rock and roller

Steppin' out has never been my style

Won't you put your head upon my shoulder?

I'll sing you songs that wanna make you cry

But everybody says the girl's good looking

And if you wanna catch her eye

You gotta move it, let the band start cookin'

Well you can do it if you try!

Easy, baby

It's so easy

You know it's easy to rock 'n' roll

You can dance and

Still romance and

Won't you satisfy my soul?
