

# Clifford T. Ward, Not To Mention Her Smile

She's such a different girl, she looked at me

My head's in a whirl, she looked at me

Such a pretty face I don't know what to say

I hope she might even stay a while

Not to mention, not to mention her smile.

She just fascinates me, I must talk to her

She knows how to be, I must talk to her

She's makin' me feel I just can't go wrong

Her eyes say don't be too long, awhile

Not to mention, not to mention her smile.

Hello's an easy word to say, just be sociable

You know what I mean?

But I find her hard to play, she's unapproachable

Well, do you know what I mean?

I just can't concentrate, she makes me feel weak

I'll leave it too late, I just have to speak

There's nothing to lose if she dislikes me

Her eyes seem to tell me it's worthwhile

Not to mention, not to mention her smile.

Not to mention her smile.

She's such a different girl

She's such a different girl.
