

# Clinic, The Bridge

Bits of batler cook in the glow,  
You need the love you need it to show  
Come come come oh how we know,  
You need the love you need it to show  
Come and glow  
Its good as ever  
Good as ever close

Look at all the sun on the waves  
You need the love you need it today  
Come come it's never too late  
You need the love you need it today  
Come and glow  
Its good as ever  
Good as ever close

Meet me on the bridge out of sight  
You need the love you need it to die,  
Come come you know that is time  
You need the love you need it to show  
Come and glow
