

# Clinic, Walking With Thee

As you climb up the stairs and come back forever  
Summer's in the house, untamed it was  
Walking with thee  
Walking with thee  
Walking with thee  
Walking with thee

A million joys, a million joys here  
You could set your watch, how untamed it was  
Walking with thee  
Walking with thee  
Walking with thee  
Walking with thee  
nononono no no no no no no no

As you climb up the stairs and come back forever  
Summer's in the house, oh untamed it was

Walking with thee  
Walking with thee  
Walking with thee  
Walking with thee

and melody of joys and  
you can set your watch  
whil hunting new words

Walking with thee  
Walking with thee  
Walking with thee  
Walking with thee

And with us, oh no,  
you get good affection  
you can set your watch  
or hunting new words

Walking with thee  
Walking with thee  
Walking with thee  
Walking with thee

No  
No  
Nonononononono

If you climb off the stairs  
and come back forever  
Someone's in my house or  
hunting new words

Walking with thee  
Walking with thee
