

Clint Black, Easy For Me To Say

Some won't find the words
More won't find a way
Never too often heard
You know it's easy for me to say
The thing you need to hear
Way more than every day
Can never be too clear
You know it's easy for me to say
I love you
Quiet and loud
Alone in a crowd
I love you
In a thousand little ways
I'm learning to say
And I learn something new every day
I love you
It's easy for me to say
It always sounds the same
Music to my ears
Leaves nothing to explain
You know it's easy for me to hear
The phrase that we all know
Nothing it can't outweigh
Take it wherever we go
You know it's easy for me to say
I love you
Quiet and loud
Alone in a crowd
I love you
In a thousand little ways
I'm learning to say
And I learn something new every day
I love you
It's easy for me to say
I love you
No poet ever found a better way
You know it's easy for me to say
I love you
I'll try to say it more every day
You know it's easy for me to say
