

Clint Black, Ode To Chet

(Clint Black/Hayden Nicholas)

When I bought this guitar it had brand new strings
Brand new strap all those things
Brand new picks both thumb and flat
All the elementary things like that

I went ahead and took it everywhere I went
Couldn't count the hours that I must have spent
I heard the girl was lookin' for a guitar man
I'll abridge her anyway I can

'Cause I can win her over
Like Romeo did Juliet
If I can only show her
I can learn to pick that Figato lick like Chet

It'll take more than Mel Bay 1, 2, & 3
If I'm ever gonna play like CGP
My legato is staccato but what I don't fret
Is droppin' any note that I don't get

'Cause I can win her over
Like Romeo did Juliet
If I can only show her
I can learn to pick that Figato lick like Chet

I can win her over
Like Romeo did Juliet
If I can only show her
I can almost pick that Figato lick like Chet
