

Clint Black, Til' Santa's Gone (Milk & Cookies)

Now I'm only five years old
I've got to do just what I'm told
'cause Santa Claus is gonna be dropping in on me
Now is there something I might have missed
I had quite a few things on my list
I hope he can fit it all under that Christmas tree.
Now I know what he likes for a late night snack
For years now it's been bringing him back
Milk and cookies
He'll come and go without a sound again
But how in the world does he get in
Ain't got a chimney
Close my eyes and concentrate
Try to sleep it's getting late
All night long I lie awake
Til' Santa's Gone I just can't wait
Now is there something I might have missed
I had quite a few things on my list
I hope he can get it all under that Christmas tree.
Sneak a peek down the hall
I've got to check now I don't recall
the milk and cookies
I think I'm sure I got it all
Stockings hung along the wall
Ain't got a chimney
Close my eyes and concentrate
I gotta sleep now it's getting late
All night long I lie awake
Til' Santa's Gone I just can't wait
I just can't wait, I just can't wait
Could there be something I might have missed
I had quite a few things on my list
I hope he can fit it all under that Christmas tree.
I hope he can fit it all under my Christmas tree.

Spoken:

Get that harmonica under there
Mmm fit a guitar under there
Cowboy hat
A bicycle maybe
Don' Know what he's gonna do with that horse
