You think I care,
But I don't
You think I'll forgive you,
But I wont
It's just that simple,
You should try
Don't think it's ruined,
My whole life
Well I'm really young, (really young)
This wont effect me
It was just a stupid crush,
Wont you just get over me

(Chorus)

Nobody cares bout what you've been up to
You can brag brag brag
Bout you're friends and all the girls you know
I wont miss those times
Just leave me alone I need to get you out of my mind
