

# Clique Girlz, Hands Off

(Destinee)

There's a rumor

Circulating

You put the moves on

The one I'm dating

Your message... intercepted

Your actions need to be corrected

You don't have a

Chance in heaven

You'll never get him

Give it up cuz you can't win

(Chours)

Hands Off!

He's mine

I see you talking in his ear... it's fine

I know you think your gonna change his mind

But your so dead wrong

Hands Off!

It's time

He's all about me... he won't cross the line

You need to hear it... let me clarify, verify

He's abso- freaking- totally mine

(Paris)

I got his picture... on my dresser

That says I love you always and forever

Your agenda

So abrasion

Shoot it down cuz he thinks that I'm amazing... yeah

(Chours)

(Bridge)

I'm truly sorry things went down this way

We'd be cool if you had stayed away!

You'll never get him

Hands Off! (x3)

Oh oh

Hands Off!

He's mine

I see you talking in his ear... it's fine

I know you think your gonna change his mind

But your so dead wrong

Hands Off!

It's time

He's all about me... he won't cross the line

You need to hear it now

(Destinee)

So listen up... I've had enough

(Paris)

Get it straight and know the date

(Ariel)

Let me carifyly, varify

(Destinee)

He's abso- freaking- totally mine
