

Clique Girlz, Heartaches

there's gonna be heartaches
there's gonna be mistakes in life
there's gonna happy days
things will go your way in life
things will get better overtime
i never knew how i heartbreak could feel
cause the first heartbreak is so unreal
there's a lesson learned in everything
you will get stronger through growing pains
things will get better in life
we need to understand and know sometimes
there's gonna be heartaches
there's gonna be mistakes in life
there's gonna happy days
things will go your way in life
things will get better overtime
i know i can't rewind the time
to erase mistakes of mine
cause there's no future in yesterday
change don't come easily
when it comes please believe
everything will be okay
things will get better in life
we need to understand and know sometimes
there's gonna be heartaches
there's gonna be mistakes in life (there's gonna be some happiness)
there's gonna happy days
things will go your way in life
things will get better overtime
there's somethings i can't control
(i gotta let it go i gotta let it go)
somethings i gotta let go
(i need to let it go i need to let it go)
i'm just a young girl that starting to learn about life
and see
i'm young right now
but i'm starting to grow up
and so i have to realize and understand
things are not gonna go my way sometimes
there's gonna be heartaches (gonna be)
there's gonna be mistakes in life (gonna be heartaches)
there's gonna happy days (happy days)
things will go your way (go your way) in life
things will get better overtime
there's gonna be heartaches
there's gonna be mistakes in life
there's gonna happy days
things will go your way in life
things will get better overtime
