

Clique Girlz, How Do You Like Me So Far

1. First impression you must have thought 'typical and sweet',
Glasses on, hair pulled back very misleading,
I'm not the girl, you thought I was,
You got no place to hide,
No place to run.

[Ref.]

How do you like me so far,
Did you think I was the girl next door,
Now you stay I'm gonna be a rock star,
You never know what's in stored,
How do you like me so far,
I'm gonna place of my guitar,
I'm unpredictable and that's hard,
You never know what's in stored.

2. First impression you don't believe,
Read between the lines,
A beautiful catastrophe see it in my eyes,
I'm not the girl, you thought I'd be,
Sometimes I'm shy,
Sometimes I get crazy (Oh, Oh).

[Ref.]

How do you like me so far,
Did you think I was the girl next door,
Now you stay I'm gonna be a rock star,
You never know what's in stored,
How do you like me so far,
I'm gonna place of my guitar,
I'm unpredictable and that's hard,
You never know what's in stored.
