

# Clique Girlz, Without You

I thought that leaving you would be, harder than anything  
I never won, yes I believed that you were the one and now  
I know that I just wasn't right  
And giving up this fight  
Was something on the other side  
Without you!  
I'm finely free,  
I'm no longer in the shadows  
Without you!  
It's easy to breathe  
Now that we were not together,  
Everything's so much better  
Without you  
Without you  
So take your things I don't need them, to remind me of  
The way we were and how we've been  
That just brings me down  
I don't need things from anyone  
I'd rather be alone,  
Standing on my own  
Without you!  
I'm finely free,  
I'm no longer in the shadows  
Without you!  
It's easy to breathe  
Now that we were not together,  
Everything's so much better  
You were the one that made me cry  
Promise you would change a thousands times  
We had a love that couldn't change  
You turn me around and now  
I just can't  
Take it no more  
Take it no more  
Take it no more  
Oh, I just can't take it  
I just can't take it  
I just can't take it  
I just can't take it  
I just can't  
I thought that leaving you would be, harder than anything  
I was so wrong  
Without you!  
I'm finely free,  
I'm no longer in the shadows  
Without you!  
It's easy to breathe  
Now that we were not together,  
Everything's so much better  
Without you (till end)
