

Clique Girlz, Without You

I thought that leaving you would be, harder that anything
I never won, yes I believed that you were the one and now
I know that I just wasn't right
And giving up this fight
Was something on the other side
Without you!
I'm finely free,
I'm no longer in the shadows
Without you!
It's easy to breathe
Now that were not together,
Everything's so much better
Without you
Without you
So take your things I don't need them, to remind me of
The way we were and how we've been
That just brings me down
I don't need things from anyone
I'd rather be alone,
Standing on my own
Without you!
I'm finely free,
I'm no longer in the shadows
Without you!
It's easy to breathe
Now that were not together,
Everything's so much better
You were the one that made me cry
Promise you would change a thousands times
We had a love that couldn't change
You turn me around and now
I just can't
Take it no more
Take it no more
Take it no more
Oh, I just can't take it
I just can't take it
I just can't take it
I just can't take it
I just can't
I thought that leaving you would be, harder that anything
I was so wrong
Without you!
I'm finely free,
I'm no longer in the shadows
Without you!
It's easy to breathe
Now that were not together,
Everything's so much better
Without you (till end)
