

Cliteater, Take The Pain

Take the f**kin' pain
Pain

Forlorn my pleasures

Hiding behind walls of steel
Grin and bear my burden
Is out of f**king reach

Take the pain, Take the pain
See my bloodred sunken eyes
Take the pain,
The only way to make it die

Take the f**kin' pain
Pain

Paving through claustrophobic spasms
Floating on streams of time
Stumble, falter, no absolution
Take my pain caught in a rhyme
