

CLOCK MACHINE, Sense of Space (z filmu Polot)

Baby, baby
I love you
I wanna spend my life with you
Only
Say you want me
And where you wanna go
You promised that you gonna stay in my place

Baby, baby
I wannna undress you
I wanna do dirty things with your body
And by the way
I know the magic ways
To bring you back to life

Say it!
Say that you want me
And it just good enough
Say that you like my style
