

Clockwise, Hope

Little help of violence,
Few chances for my freedom,
With every step u won't take,
Grief inspires my evil,
You had stood your fall,
Rusted pose made red flood,
Stragglings are too simple
I need more, need more pure love...
Fakin' love...
I love You,
I hope you'll die,
You were me,
Waste me in my heart,
I love you,
No matter how
You were me,
Know you in my pain,
Show in my shame,
I hope you'll die.....
I have...
I have been...
Been dead before you've killed,
(I bleed, take me)
Been dead before you've killed,
Killed me...
No, hope, we, SUCK!!
I love You,
I hope you'll die,
You were me,
Waste me in my heart,
I love you,
No matter how
You were me,
Know you in my pain,
Show in my shame,
I hope you'll die
DIE!!
