

# Clones Of Sam, Party Girl

With your lips so sweet, you made this dead heart beat

Baby, I've been thinking of you

And your eyes, so pretty, I'm begging on my knees

Will I ever see you again?

Darlin' I'm afraid, that memories only fade

I'd give you all my heart, we're not that far apart

Girl you made me happy, It's true

If you're sad, and he treats you bad

Baby, just remember me

If that kiss was our last, one question I will ask

Did I make you happy too?
