

Close To Home, Sink Or Swim

Hey kid,
Just give it a shot.
It's a chance you'll never get back.
Like it or not,
You have to hold your head high,
And put those fears aside

You think she'll walk away,
Ignoring what you say,
It's kinda funny how she gets under your skin,
You tell yourself to run,
When she gets close enough,
This is your chance to sink or swim

You've got me swinging from the ceiling,
and all I know is I never want to come back down,
We sing WhaAoAo
We sing Wa-o-o-OH (Whoa!)

This is the time,
to open your eyes,
You better spill your guts and
never let her leave your side,
Just give it some time,
Let it sink into her mind,
She'll be coming back for more.

You've got me swinging from the ceiling,
and all I know is I never want to come back down,
We sing WhaAoAo
We sing Wa-o-o-OH (Whoa!)

You gotta pull yourself together now,
Before your time is running out,
You better make your move before she goes again.

You gotta pull yourself together now,
Before your time is running out,
You better make your move before she goes again.
