Nadja:

Wanna be somebody
Somebody like you
Oh baby if you'd guide me
I could be the one for you

He's gotta look like a cool man
But he's burning inside
To fill me up with passion
Make love to me all through the night (through the night)

Sascha:

I wanna be with somebody
Who's crazy and wild
Always bright and breezy
(breezy)
Both a man and just a child (just a child)

Marsha:

Oh baby when you hold me
Just like you do
Please tell me that you want me
Definitely our dreams will all come true
(dreams will come true)

Somebody, somebody like you

I wanna be with somebody
Who's handsome and strong
He's living in a real world
But never ever treats me wrong (never ever)

When he's lying beside me (youhoe-ahhaa)
His dreams are like mine (mine)
In my fantasy world he's a fairytale prince
So divine (so divine)

Nadja:

Wanna be somebody (youhoe-ahhaa)
Somebody like you
Oh baby if you'd guide me
I could be the one for you (youhoe-ahhaa)

Definitely our dreams will come true (dreams will come true)

Last night I had a wonderful dream
Of you and me (you and me)
