

Closet Monster, Smells Like Revolutionary Spirit

The people united will never be defeated,
Sticks and stones and kitchen racks soaked in vinegar,
fists of love and homemade shields and hearts made of gold.
Cause bravery... is standing up for what you believe...
not hiding behind flags and lies and broken down democracies.
Not fighting wars from behind palace doors.
50,000 voices screaming out,
"OUR VOICE WILL BE HEARD".
50,000 different rhythms creating one,
"OUR NOISE WILL BE HEARD".
so-so-so-solidarity.
Hand painted signs, on the front lines a message of strength.
Laugh and dance while you stare you oppressors in the face.
We won't back down.
Fighting evil will make the weakest brave.
