

Closterkeller, Purple

Can you feel?
Can you feel?
Can you feel
Can you?

On the way of your life and love
A final stop is dark oblivion
Lay it on me
I could try to show you out

Can you feel?
Can you feel?

On the way of your life and love
Where you lost your soul
I know a direction in which we can go

Can you feel?
Can you feel?

I enjoy
I enjoy
Leading you like a blind man
I enjoy

I enjoy
I enjoy
Giving my thoughts to you
I enjoy

You're like a toy in my hands
You're like a toy...
