

Closterkeller, Wild Flower

Hey you, you're wild, honey child
I'm out of control
Everytime you're near me
I'm a wolf child baby
And I'm howl for you
My heart beats faster
And I'm overpowered

I'm a wolf child girl
I live for you, wild flower
Start of a dream
The most beautiful thing

Yes you
The sensation of the nation
Oh, my soul
You're a furtive creation
You're an angel baby
And I howl for you
My heart beats faster
And I'm overpowered

I'm a wolf child girl
I live for you, wild flower
Start of a dream
The most beautiful thing, wild flower
I love you every hour, wild flower
Burning every night
Start the world alight !

I love you every hour
I'm crazy 'bout you girl !
