

CLOUDLESS, All be Alright

If we'll stay here and we'll drink here
Consequences might be some stress

My body is out of control
I don't like blood on the floor
I can't handle it
But I will try to fight
I will try to fight
I hope all be alright
I will try to fight, fight, fight

You can't break me
You can't stop me
You can't find out what's on my mind

I wanna stop it
This demon inside in me
I'll be alright

Yeah
I'll be alright
Ohh, I'll be alright
Hey-yeah
I'll be alright
Yeah

It's screaming inside in me
Wanna get out of me
Morning can't fix night's issues

My body is out of control
Bitch, better down to the floor
I can't handle it
But I will try to fight
I will try to fight
I hope all be alright
I will try to fight, fight, fight

You can't break me
You can't stop me
You can't find out what's on my mind
But don't be afraid, babe
I wanna stop it
This demon inside in me
I'll be alright

Yeah
I'll be alright
Ohh, I'll be alright
Hey-yeah
I'll be alright
Yeah

You can't break me
You can't stop me
You can't find out what's on my mind
But don't be afraid, babe
I wanna stop it
This demon inside in me
I'll be alright

Yeah
I'll be alright
Ohh, I'll be alright

Hey-yeah
I'll be alright
Yeah
