

# Clouds, Down From The Sky

Dragging her down from the sky

She doesn't want what I  
Have to give her  
She looks into the sky  
It makes me shiver  
What does she see out there  
I don't know what she's looking for

My body's aching now  
I want to hold her  
Well I wish she'd show me how  
To, like a rose, unfold her  
Why does she search the sky  
There is nothing there that she can hold

Her hands  
Swimming through air  
I wanted to show her  
I wanted to tell her  
How I care  
By dragging her down from the sky

I don't mind waiting for  
What is to be mine  
And I cannot cage a bird  
If I want to see it fly  
She's trapped inside her cloud  
How I wish she would rain on me

Her hands  
Swimming through air  
I wanted to show her  
I wanted to tell her  
How I care  
By dragging her down from the sky
