

# Clouds, Foxes Wedding

Do you know what day it is today?  
Showers gently clear the air for you know who

Coloured canoe  
Will get you through, coloured canoe

Did she tell you you're forbidden?  
If you saw them you could never return

Coloured canoe  
Will get you through, coloured canoe

Hide behind a tree don't you make a sound  
Don't even breathe and you'll be okay  
You will see them moving past you  
Like a red and burning ocean  
Slow as a cloud  
'Til they turn around

Run boy fly boy to the river  
She'll be waiting to deliver you home

Coloured canoe  
Will get you through  
Coloured canoe  
Takes care of you  
Coloured canoe  
Orange and blue  
Lavender too  
Shiny and new
