

# Clouds, Kitten

You could put it in a saucer  
You could put it in a cup  
You could put it in a bowl  
And like a kitten I could lap it up

Leave it somewhere I could find it  
Behind a door kindly left unshut  
Anywhere that I can reach it  
And like a kitten I can lap it up

Hide it somewhere dark and secret  
In a cupboard tightly locked up  
I will know and I will seek it  
And like a kitten I will lap it up
