

Clouds, See You're Leaving

Close the gate behind you
Wave goodbye
Don't pretend you're crying
Don't tell lies

Got ready for this, baby, long ago.

See you're leaving
See you got somewhere to go
See you're leaving
Almost glad to see you go
See you're leaving

Call me in a month
Or maybe two
Call me when you got some news
Not just 'cos you're blue

Got ready for this, baby, long ago.
Got ready for this, baby, long ago.

See you're leaving
See you got somewhere to go
See you're leaving
Almost glad to see you go
See you're leaving

Go on, go on, go on...
