

# Clouds, Swim

Send your tears to me,  
Just like a littlest salty sea.  
It'll quench my thirst,  
Help me think that the worst is over.

Swim, swim, swim, swim to me,  
Use the fish in the sea  
If you have to,  
To drag you back to me

Sail the stormy sea,  
Swim through the sickness  
Till you're with me,  
I'm doing the same -  
Neither one is to blame.  
That's over.

Swim, swim, swim, swim to me,  
Use the fish in the sea  
If you have to,  
To drag you back to me.
