

Clouds, Tear Me Apart

Need to feel you coming down on me
Need to have you to the right of me
Gotta cut right through the disguise on me
And tear me apart

Gotta watch me when I'm being crude
You gotta love me when I'm being rude
Gotta be ready when I'm in the mood to
Tear you apart
Tear you apart

Make sure I'm real
See how I feel
Make sure I'm real
See how I feel
See how I feel

Know I take a lot
But I'll give it back
You be the train
I'll be the rusty track
I'll swallow the dirt
But I'll spit it back
Tear me apart
